

# The Tracking Times

As we continue to navigate through these uncertain and crazy times, Easy Fleet GPS is here to help.

By fully using the tools we provide, you can experience a 20-25% reduction in your fuel costs, a 25-30% reduction in your vehicle maintenance costs, and a 30-35% reduction in your payroll/overtime costs.

We can help you build a safer, more responsible, more productive, and more profitable fleet.

*Easy Fleet GPS is very proud to announce we have earned our BBB accreditation. As of August 8, 2020, Easy Fleet GPS has an A- rating with the BBB. We want to thank all of our amazing customers and our fantastic team!*

## Easy Fleet GPS can help recover your stolen vehicle or equipment.

Over the past 4 months, there has been a 17% increase in stolen work trucks and work equipment.

Companies that use Easy Fleet GPS have a greater chance of recovering their stolen truck, trailer, or piece of equipment, especially if you utilize our After Hours Alerts, Landmark Alerts, and Tow Alerts.

Whether you own trucks, cars, trailers, skid steers, bobcats, or any type of heavy equipment or asset, Easy Fleet GPS offers equipment to track them all.

Think of the costs of replacing a truck or piece of equipment; insurance costs, downtime, loss of productivity, and replacement costs.

## Did you know you can check your vehicle's battery voltage through the Easy Fleet GPS platform?

You can proactively maintain your vehicle's battery to avoid breakdowns and downtime.

From the landing page click the view button, check voltage, and hit the X in the upper right to save and close. Now every time you log in, you will see the battery voltage.

You can also set an alert and receive an instant notification when the battery drops below a certain voltage.

Now you can charge or replace a battery before it dies, avoiding breakdowns and downtime.
