

REWARDS-DRIVEN FLEET TRACKING BUILT FOR THE ENTERPRISE

EasyFleet GPS Fleet is a powerful, easy-to-use solution that helps businesses reduce costs, improve operations and build a culture centered on safety and performance. EasyFleet GPS shook up the fleet tracking industry with a better way of doing business, with the latest cloud-based technologies, easy-to-use interfaces and robust features at an amazing price. No punishing contracts or excessive costs and downtime for deployments.

Our focus on rewarding safe driving behavior is a game changer. No one likes to be tracked, but everyone likes to win. With EasyFleet GPS gamification and social sharing tools, your workforce competes to be the safest on the team. And when they complete, you win with fewer accidents and violations and lower risk.

From major enterprises to small businesses, thousands of organizations trust EasyFleet GPS for better performance and safer, more efficient fleet and service operations.

Tailored for the Unique Needs of Large Fleets

Enterprise Features: Hierarchical groupings of workers, vehicles and assets, role-based permissions, visual clusters on the live map, APIs for integration and more make monitoring large fleets a breeze.

Customer Success: EasyFleet GPS offers a dedicated Customer Success team for our Easy Fleet GPS provides custom reporting so you can get precisely large customers. They get involved from day one to ensure a successful deployment and ongoing satisfaction.

Custom Reporting: the data you want the way you want to see it. Set up reports once and have them delivered to the right people automatically.

The Next Generation of Connected Vehicle Solutions

EasyFleet GPS is a leading connected vehicle platform, helping customers turn data about vehicles and their use into intelligence that improves operations and safety while reducing costs and risk.
