

The Tracking Times

Easy Fleet GPS launches one of the most advanced Safety Telematics Video Cameras with Artificial Intelligence.

The Easy Fleet GPS AI SafetyCam offers fleets of all sizes a powerful device to enhance driver and fleet safety.

Designed using first-hand insights from fleet managers, it is equipped with road facing and driver facing HD cameras, providing fleets with access to live and recorded video evidence of harsh driving incidents and traffic violations.

Using artificial intelligence and computer vision, the Easy Fleet GPS AI SafetyCam detects stop sign violations, stop light violations, reckless driving, tailgating, collision awareness, and much more.

Protect your heavy equipment and trailers.

Easy Fleet GPS offers tracking solutions for your assets, trailers, and equipment.

It is equally important to track your assets and equipment as it is to track your vehicles.

You receive the same benefits of vehicle tracking with real-time data showing where your assets are located at any time.

You can also track its use which helps you determine if you have any specific asset that is being underutilized.
