

# Easy-250-TT

## DEVICE DESCRIPTION

The **Easy-250-TT** is our trailer tracker specifically designed and engineered for your trailers. The device is built to withstand harsh environments and contains internal cellular and GPS satellite antennas. It requires a 12- or 24- volt power source, but it also contains an internal back up battery that will typically enable the device to function for 60 days without power.

## KEY FEATURES/BENEFITS

- Reports every 10 minutes
- When device/trailer is disconnected from tractor, the device will report in its location information and go to sleep.
- Low power consumption when in sleep mode (disconnected from tractor) and will wake up to report in once a day.
- If the device/trailer is moved more than 300 feet without being connected to power, a TOW alert will occur. The device has a built-in motion sensor.
- Power Disconnect alert – if the 12V power is removed from the device.
- Low-battery notification and voltage monitoring.
- Ability to monitor activity (1 input / ground trigger) such as the opening and closing of rear trailer doors.
- Internal backup battery when power is disconnected.

## TARGET MARKETS

This product will support all powered equipment and trailers such as dry vans, flat-beds, tankers, reefers, and chassis.

- Logistics/ Transportation
- Inter-modal
- Construction
- Electrical
- Plumbing
- Environmental
- Landscape
- Trailer Rental
- Roofing
- And more

# Easy-250-TT

## DEVICE SOFTWARE HIGHLIGHTS

- Web based; providing access to your fleet information limited only by your access to the internet.
- Fleet tracking updates every 10 minutes when the device/trailer is connected to the vehicle's trailer power connector. Will also update daily when device/trailer is unplugged.
- Provides arrival and departure data relative to any job/location, which will increase billing accuracy and reduce billing write-offs and disputes.
- Mapping with Google Street View and Google Earth integration.
- Unlimited users (no additional software license fees or charges).
- Custom map icons (including the ability to input actual photos of your trailer).
- Provides 6 months of "visual mapping data" and 24 months of report data, which includes all the tracking history, alerts etc. in report form.

## DEVICE SPECIFICATIONS

Size: 4.83" L x 3.27" W x 1.54" H

Weight: 9.5 oz.

Operation Temp. Range: -20°C to 80°C

Wireless Specs: LTE CAT M1 Bands

2,4,12, and 13

Power Consumption:

Normal Sleep:

<250uA@12V

Sleep on Network: <14mA 12V

Operating voltage: <70mA @ 12V

Location Accuracy: 6.56 Ft

Internal Back-up Battery:

5200mAh Rechargeable Li-Ion

when sleeping – about 365 days\*

while actively in use – about 70 hours\*

Certifications: FCC, CE, IC, PTCRB, and

Verizon Wireless

Device LED's:

Amber LED for cellular connectivity

Green Led for GPS Location Lock

\*Based on if "power is disconnected". May vary based on the reported power usage of the device and the battery capacity

## The Easy Fleet GPS Guarantee

We stand behind our equipment and software solution with our satisfaction guarantees 3-Year Device Warranty – If at any time during normal use your device stops working (excluding physical or water damage, or any change in cellular technology that renders the device obsolete) we will provide a replacement device at no charge. The commencement date is based upon the assignment of a billable rate plan to a device. 30-Day Money-Back – If at any time within 30 days after a device begins tracking you are not completely satisfied with your purchase or our software solution for any reason, we will give you a refund on the original purchase price of your device. (Not applicable with any leased/bundled program and does not include labor (if any).
