

The Tracking Times

Easy Fleet GPS and WatchCard will help lower your monthly fuel costs by 25%!

Are the current gas prices hurting your business?

Easy Fleet GPS and WatchCard Fuel Card offer many solutions to help reduce your fuel costs by 20-25%.

Monitor idling. Did you know one hour of idling equals one gallon of gas? Through our automated reports and immediate notifications, you can reduce your fleet's idling and reduce your fuel cost.

Our WatchCard FuelCard solution allows you to monitor gas usage to ensure employees are not filling up their personal vehicles.

Easy Fleet GPS helps protect your company's image!

Running a business takes energy, time, and money. You invest in a building or office space. You invest in quality products and services.

You try to hire the best and most qualified people. You build your brand and reputation off of the quality and reliability of your service. You take pride in the high level of customer focus and integrity you provide.

You take pride in your work trucks and the beautiful wrapping that highlights your company. As a business owner, you take pride in what you built.

It is very difficult to control what your employees do when you are not with them. Our GPS fleet tracking solution gives you visibility to your employees' driving behavior and your trucks.

Keep your drivers and company safe this summer.

The Easy Fleet GPS AI SafetyCam offers fleets of all sizes a powerful device to enhance driver and fleet safety.

Designed using first-hand insights from fleet managers, it is equipped with road-facing and driver-facing HD cameras, providing fleets with access to live and recorded video evidence of harsh driving incidents and traffic violations.

Using artificial intelligence and computer vision, the Easy Fleet GPS AI SafetyCam detects stop sign violations, stop light violations, reckless driving, tailgating, collision awareness, and much more.

Easy Fleet GPS offers tracking solutions for your heavy equipment, trailers, and assets.

Easy Fleet GPS also offers tracking solutions for your assets, trailers, and equipment. It is equally important to track your assets and equipment as it is to track your vehicles.

You receive the same benefits of vehicle tracking with real-time data showing where your assets are located at any time.

You can also track its use which helps you determine if you have any specific asset that is being underutilized.
