## The Easy Fleet GPS Telematic Video Safety Camera with Artificial Intelligence just got better!

Easy Fleet GPS just improved our Telematic Safety Camera with AI, by adding driver-face AI.

Now you can monitor seatbelt utilization, cell phone use or texting while driving, distracted driving, and drowsy driving.

Also, the road-facing camera with AI will monitor tailgating, collision risk, reckless driving, stop sign violations, and red light violations.

Let Easy Fleet GPS help you build a safer and more responsible fleet of drivers, reduce risks and liabilities, and lower your insurance costs.

**Easy Fleet GPS offers tracking solutions for your heavy equipment, trailers, and assets.**

Easy Fleet GPS also offers tracking solutions for your assets, trailers, and equipment. It is equally important to track your assets and equipment as it is to track your vehicles.

You receive the same benefits of vehicle tracking with real-time data showing where your assets are located at any time.

You can also track its use which helps you determine if you have any specific asset that is being underutilized.
