Easy Fleet GPS launches a robust Driver Scorecard.

At Easy Fleet GPS we take safety very seriously. Easy Fleet GPS can help you build a safer fleet of drivers, and help you reward responsible and safe drivers.

The Driver Score Report will provide a safety score for your drivers based on events and miles driven.

We do have future enhancements coming soon which will include speeding violations.

Our goal is to continue to provide the most advanced features and solutions to you.

Our solutions will help you reduce the cost of managing your vehicles, increase your productivity, increase your profitability, and help you build a more efficient, safer, and more responsible fleet.

Easy Fleet GPS partners with ehs International Inc to help build a safer workforce.

ehs International, Inc (ehsInc) has been at the forefront of environmental and occupational health and safety since 1997. Our mission is to provide our customers, and their employees with a safe, sustainable, and productive environment. We help our customers reduce costs and risks through better technology, seasoned staff, and tested processes.

ehsInc provides a single source for our client's environmental, health, and safety compliance and training needs. We deliver the following services:

- Develop Health & Safety Programs
- Manage Compliance & Reporting
- EHS Compliance Across All Operations
- Develop & Conduct Site-Specific Training
- Provide Outsourced EHS Support
- Construction Site Inspection & Support
- Assessment of Current Safety Programs
- Subcontractor Site Safety Orientations
- Job Site/Facility Hazard Assessments
- Safety Program Record-keeping

Protect your heavy equipment.

One of the biggest costs to a company is the theft and replacement of assets and equipment. Our Easy Fleet GPS Equipment and Asset Management solution will significantly eliminate this risk.

Whether you have yellow heavy equipment on a construction site, combine farm equipment, generators, trailers, or any valuable equipment, we offer an asset management solution to fit your needs.

With the ability to set up unlimited landmark boundaries you will be notified if a piece of equipment leaves a job site or company yard.
