

Easy 600/603 TT- SOLAR

DEVICE DESCRIPTION

The **Easy 600/603 TT SP - SOLAR** are our New Solar Powered trailer trackers specifically designed and engineered for your trailers. The device is built to withstand harsh environments and contains internal cellular and GPS satellite antennas.

Simply "mount it to your trailer" and its installed. It is powered by the sun and is also able to sustain itself for up to 4 months from a full charge at 12 reports per day if "no sun is present".

TARGET MARKETS

This product can be used on any type of unpowered asset/equipment and all types of trailers. "From small to large" and Enclosed or open trailers.

- Logistics/ Transportation Company
- Inter-modal Company
- Construction Company
- Electrical Contractors
- Trailer Rental Company
- Landscape
- Plumbing
- HVAC
- Moving & Storage
- And many more

KEY FEATURES/BENEFITS

- Track's location every 1 minute and reports those into the servers every 10 minutes when moving.
- When parked, the device will report every 4 hours and then go to semi-sleep mode. Motion wakes it up!
- Two Types are available:
 - Easy 600 – is the basic unit. No external connections
 - Easy 603 - can monitor I/O activity (1 input / ground trigger) such as the opening and closing of rear trailer doors.
- Internal backup battery provides up to 4 months from a full charge.
- Perfect for tracking any type of trailer.
- Provides the Solar Power Advantage to other assets that remain "parked" for varied lengths of time.

Operation Temp. Range: -20°C to 70°C

Wireless Specs: LTE CAT M1 Bands

2,3,4,5,8,12,13,18,19,20,26,28

Power:

Solar Charging 1.5W

Battery Life

>3000 daily cycles

> 4 months w/o

charging @ 12

reports per day (5*)

Certifications: RoHS, FCC,
CE, IC, REACH, RCM
PTCRB, AT&T and
applicable carriers

Device LED's:

Multi-function LED. LED does not
function during normal operation.

DEVICE SOFTWARE HIGHLIGHTS

- Web based; providing access to your fleet information limited only by your access to the internet.
- Fleet tracking system updates every 10 minutes when the device/trailer is moving. It tracks at 1-minute intervals (that are in that 10-minute report) and this provides granular tracking on the mapping application.
- It will also update at 4-hour intervals when the device/trailer is parked.
- Provides arrival and departure data relative to any job/location, which will increase billing accuracy and reduce billing write-offs and disputes.
- Mapping with Google Street View and Google Earth integration.
- Unlimited users (no additional software license fees or charges).
- Custom map icons (including the ability to input actual photos of your trailer).
- Provides 6 months of "visual mapping data" and 24 months of report data, which includes all the tracking history, alerts etc. in report form.

The Easy Fleet GPS Warranty

We stand behind our equipment and software solution with our satisfaction guaranteed.

3-Year Device Warranty – If at any time during normal use your device stops working (excluding physical or water damage, or any change in cellular technology that renders the device obsolete) we will provide a replacement device at no charge. The commencement date is based upon the assignment of a billable rate plan to a device.

30-Day Money-Back – If at any time within 30 days after a device begins tracking you are not completely satisfied with your purchase or our software solution for any reason, we will give you a refund on the original purchase price of your device. (Not applicable with any leased/bundled program and does not include labor (if any)).
